Optional Formation Notes:

*Dance starts in three lines, staggered: X X X
 X X X

*First time through Part B, move to one line on Heel Steps. (Front and back lines move to meet center line.)

*At the end of Part A2, reverse the process to go back to the original formation on two Basics.

*Third time through Part B, move to three trios on Heel Steps:

 X X X
 X X X

*In Part D, trios turn 360° counterclockwise on the first four basics. Trios then form a pinwheel with the inside dancers joining hands in the center. The pinwheel rotates clockwise so that the groups move to places forward and over rotate to the original diagonal position where the Canadian Basics are danced. Then drop hands to Walk the Dog (crisply on right heel) to face front.

*When Part B is repeated at the end, the left diagonal dances the first time through Part B (just the Samantha and the Heel Steps) without turning. They end by pointing to the middle line, which starts with the "Whatever" and dances through the second time through Part B (just the Samantha and the Heel Steps) without turning. They end by pointing to the right line, which dances the 1/2B section (without turning) while the other lines stand still. All lines point to the audience with both hands and then join together to dance Part C, finishing the dance.
